

Brand assets

Denne siden inkluderer en rekke brand assets som logoer, ikoner og grafiske elementer for å sikre en enhetlig og gjenkjennbar merkevareidentitet.

Ikonografi

Ikonene kommer fra den åpne kildekoden til «Box Icons collection». Hvis du besøker denne linken kan vi hente ut SVG-koder direkte fra browser, vi kan derfor forenkle og komme oss unna å bygge et SVG-asset bibliotek.

Det finnes også et større ikon-bibliotek gjennom «Untitled UI» vi kunne vurdert å brukt.
